Summary:

Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. With respect to certain counties that have adopted reassessment ordinances and have been declared by the Governor to be in a state of emergency as a result of certain events, existing law provides for state allocations of the estimated amounts of the reductions in property tax revenues resulting in certain fiscal years from reassessments under those ordinances. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations. This bill would provide for similar state allocations with respect to property tax revenue reductions resulting from a reassessment for damages incurred within the Counties of Orange, Riverside, and San Bernardino, which were declared by the Governor to be in a state of emergency due to the wildfires that commenced in November 2008. This bill contains other related provisions and other existing laws.

Status:06/03/2010-Read third time, passed, and to Senate.

Current Location:06/03/2010-A SENATE

Calendar Events:

Summary:

The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law, which applies to specified school employees, and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would generally provide, effective July 1, 2011, that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for the purpose of enhancing a member's retirement benefits. This bill would limit the calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a retired person may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period of at least 180 days. This bill would provide for the implementation of the changes under the applicable retirement laws that apply to counties and cities. This bill contains other related provisions.

SB 845 (Committee on Budget and Fiscal Review) Local governments: revenue. (A-03/18/2010 [html](#) [pdf](#))

Status:04/22/2010-Hearing postponed by committee.

Current Location:04/12/2010-S B. & F.R.

Calendar Events:

Summary: Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county. The amount of a school district's revenue limit funding is determined based, in part, on the number of units of average daily attendance. The Superintendent of Public Instruction is required to apportion to each school district the amount of revenue limit funding calculated pursuant to specified formulas minus, among other things,

the amount of property taxes received by the school district. The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to exercise any power common to the contracting parties. This bill would, in conjunction with and only upon the approval by the voters of Senate Constitutional Amendment No. _____, authorize local governmental entities to develop and implement a Countywide Strategic Action Plan to jointly use existing and additional resources to ensure progress toward common community goals. This bill would also authorize, under specified conditions, including, but not limited to, the adoption of a Countywide Strategic Action Plan, a county board of supervisors to place before the voters an increase of up to an additional \$0.01 in the sales and use tax to be distributed pursuant to the adopted plan. This measure would prohibit the amount of a school district's revenue limit funding from taking into account any revenue received by the school district from property taxes, specified local sales and use taxes, or any taxes imposed pursuant to a Countywide Strategic Action Plan.

Summary:

The Public Employees' Retirement Law provides a comprehensive set of rights and benefits for members of the Public Employees' Retirement System based upon age, service credit, and final compensation. That law establishes retirement formulas, known as the Second Tier, modified First Tier, and First Tier, that are applicable to specified members of the retirement system. Under that law, a member who elects to be subject to Second Tier benefits shall be paid his or her accumulated contributions plus interest, subject to specified conditions. Under that law, effective January 1, 2000, a member who received service credit subject to Second Tier benefits may elect to become subject to First Tier benefits and contribution rates. That law requires a member who elects to become subject to First Tier benefits to deposit accumulated contributions the member withdrew while he or she was subject to Second Tier benefits, plus interest, as specified. This bill would make a technical, and nonsubstantive change to these provisions.

Summary:

The Sales and Use Tax Law imposes a tax on the gross receipts from the sale in this state of, or the storage, use, or other consumption in this state of, tangible personal property. In order to facilitate the collection of the use tax, a qualified purchaser, as defined, is required to register with the State Board of Equalization and to report and pay by April 15 the use tax owed for the previous calendar year, as provided. This bill would instead require a qualified purchaser that is subject to the tax imposed by the Personal Income Tax Law to file a return for use tax by April 15, following the close of the calendar year, and to file a return made on the basis of a fiscal year by the 15th day of the 4th month following the close of the fiscal year. The bill would require a qualified purchaser that is subject to the tax imposed by the Corporation Tax Law to

file a return for use tax by March 15, following the close of the calendar year, and to file a return filed on the basis of the fiscal year by the 15th day of the 3rd month following the close of the fiscal year. The bill would authorize the board to grant a reasonable extension of time for filing a return, as specified, and to grant a reasonable extension of time for the payment of tax when it determines that good cause exists, would authorize a refund of penalties paid with respect to reporting periods in 2007, 2008, and 2009, and would delay the imposition of any authorized penalties for qualified purchasers until on or after March 16, 2011. The bill would declare that its provisions and retroactive application serve a public purpose, as specified. This bill contains other related provisions.

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 requires a local agency formation commission to approve, without an election, a consolidation or reorganization of 2 or more local agencies, if a majority of the members of each of the legislative bodies of the agencies adopt substantially similar resolutions of application making proposals either for the consolidation of districts or for the reorganization of all or any part of the districts into a single local agency, as specified. This bill would, until January 1, 2018, authorize the local agency formation commission to approve or conditionally approve an expedited reorganization of specified districts into a community services district, with the same powers, duties, responsibilities, obligations, liabilities, and jurisdiction of the district proposed to be dissolved, unless the governing body of the district proposed to be dissolved files a resolution of objection with the commission, as specified. Calendar Events:

Summary: Existing law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 , establishes procedures for the change of organization or reorganization of a local agency, including the incorporation of a city. The act generally prohibits a petition for a change of organization from being accepted for filing unless signatures on the petition are secured within 6 months of the date on which the first signature on the petition was affixed and the petition is submitted for filing within 60 days after the last signature is affixed. The act also requires proceedings for an incorporation for a city to include a comprehensive fiscal analysis prepared by the executive officer of the commission, and authorizes the commission to establish a schedule of fees and charges for its proceedings. This bill would require the East Los Angeles Residents Association, by October 29, 2010, to deposit any funds required by the Los Angeles County Local Agency Commission to complete a comprehensive fiscal analysis as a condition to continuation of the current petition for a change of organization. The bill would also require any signatures that were submitted with the petition to continue to be considered valid through October 29, 2010, and after that date if the petition proceeds and is accepted for filing. Current Location:05/28/2010-A E. & R.

Calendar Events:

Summary: The Political Reform Act of 1974 requires each state and local government agency to adopt and promulgate a conflict of interest code that establishes conflict of interest standards for designated employees of that agency and requires those employees to file statements of economic interest disclosing specified personal financial information. The act further requires specified public officials, including officials who manage public investments, to also file statements of economic interest, but does not require those officials to be specifically enumerated in the agency's conflict of interest code. This bill would require a public retirement board, commission, or agency to attach to its conflict of interest code an appendix that lists each position for which an individual occupying that position is required to file a statement of economic interests as a public official who manages public investments, as defined. The bill would further require the board, commission, or agency to post the appendix on its Internet Web site. This bill contains other related provisions and other existing laws.

The act requires the department to approve a natural community conservation plan for implementation after making specified findings based upon substantial evidence in the record, including a finding that the plan has been developed consistent with the planning agreement process. Calendar Events:06/23/10 9 a.m. - State Capitol, Room 444 ASM PUBLIC EMPLOYEES, RETIREMENT AND SOCIAL SECURITY

Summary:

The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law (STRL) and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would provide that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would generally require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for the purpose of enhancing a member's retirement benefits. This bill would revise the definition of "creditable compensation" and would limit the calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a retired person may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period

of at least 180 days. This bill would provide for the implementation of these required changes under the laws that govern PERS and STRL. This bill contains other related provisions.
